

New party pitch, editorial opinions and freedom of speech and association are excellent to have.

"It's OK to be racist, only white people are racists, we are privileged ! Diversity is a code word for white genocide. We accept donations from all Canadians even if they are white, if they have morals and character and true values, family values, real conservative values, not the bogus progressive values super imposed by a high jacked party and government based on liberalism, but real conservative values, or at least old fashioned real Canadian values, pro-life, family, freedom, faith and free enterprise, people that like and love truth, true justice and certainly peace, order and good government;

Since this is a need to know communication, and knowing the urgency to reduce the toxic environment disasters the vaccine and drug genocide, like microwave towers, 5G bio-weapons, smart meters, polluted food, air and water, and the mass media ownership, voting, control and editing monopoly that exist, big tech censorship, with the war on freedom of speech, beliefs and true values that do not conform to the mainstream narrative of super imposed cultural marxism, these are all problems that need to be dealt with, problems are temporary if we work together with awareness, understanding, purpose and vision, we need dedicated people,

In fact, if you would like a whole lot more of Made in Canada, we really want to work with you to make that possible, in addition to a revitalized National Defence, a real Canadian Defence Technology Development Program, greater individual and national self sufficiency, that is independence and freedom, nation state sovereignty and the right to self defence with the right to have and bare arms, along with opportunities of a citizens militia that can work with National Defence, National Reserves and law enforcement, common law courts, the pro-active make it happen confident optimism that makes effort not excuses, we have a place for you; Evidently we need a massive reduction in taxation and bureaucratic complexity and regulations

that have caused problems for Canadian enterprise, and individuals trying to improve the quality of their lives, we have something so awesome for you, it will fundamentally change your everyday optimism, personal identity and take the oppressive tyrannical discriminatory, vexing, harassment and burden of cruel and unusual treatment and genocidal taxation super imposed on you;

Additionally, if you are a real Canadian - with your heritage as the founding people of Canada, who has been discriminated against, censored and disqualified for no other reason than being a straight white male, and have experienced hate or other disenfranchisement and discrimination, or have been labelled as a racists, a white nationalist, a supremacist or evil white guy, or have had your identity attacked, or your history revised and insulted, or your heritage as the founding people to be insulted, attacked, discredited or otherwise, then certainly you need to rebuild your tribe, people with common history, experiences and values, and revitalize your identity and integrity, your friends and allies;

If you have had to confront the war against you by enemies foreign and domestic, enemy combatants, and what you know as truth, including experienced acts of genocide, war, terrorism, hate, harassment, discrimination and anti white oppression, from any and all so called hate law and hate speech regulations and definitions, knowing that hate speech and hate laws are actually expressions of hate and the practice of genocide and war against real Canadians, the founding people, of which the 1867 British North America Act was written for, then you certainly need someone to be your voice, and be encouraged to express your voice;

We would like to encourage you, to live a life of dignity and power, confidence and courage, with the resolution to succeed, audacity to express the best of who you are and not make any apology to anyone, and not live in fear, or suffer from attacks and insults, threats or otherwise to your character, your body, family, friends, enterprise, at your job or anything that you do or where you are or who you are. We would like to have your vote of confidence, and we would like you to go forward with confidence, peace, health, prosperity and the kind of opportunities, with solid quality good paying family rated jobs that have challenge and reward to live with a revitalized identity, and an awesome future that you can have by choice;

Is this your kind of party? Even though you may despise politics and government, have not voted or never want to vote again, or think all politicians are liars, traitors, genocide maniacs, unethical, or otherwise fraudulent and deceptive, infiltrated by deceptive anti nation state agendas and cultural marxists, communists and all those who are against family, faith, freedom and free enterprise, and if you think all is lost and there is no end in sight, we hope that you will exercise the moral courage, with a pro-active resolution to succeed in this epic battle of good versus evil, the patriots versus the traitors, the people with true values versus no values, pro life versus genocide, prosperity versus poverty, health versus sickness and disease, life versus death, opportunity versus no opportunity, challenge and reward versus a totally boring and un inspired life and robot jobs, an awesome future you can envision and build versus the super imposed destruction of your world and country and all those things and people that are important to you;

Having relevant options with powerful freedom of choice is where the idea of pro-active and pro-Canadian people are empowered to make better decisions easier, with confidence and optimism to go forward step by step and build and awesome future, with the actions that are aligned with personal values, personal security and national security are essential, as nation state sovereignty is essential, so is personal health, independence, freedom and body sovereignty;

In reality, it would be ideal to eliminate political parties all together, a united, focused and purposeful Canada, real Canadians, not infinitely divided with diversity of cultural marxism and everything but real Canadian values...
